Installing BICS

Follow these steps to install BICS on your device:

1. Download the latest version of BICS via: www.bics.nl/en/node/v6.
2. Open the downloaded file to start the installation.
3. Follow the instructions in the installer and complete the installation.

Starting and configuring BICS

After installing BICS, follow these steps to complete the configuration:

1. Open BICS via the shortcut on your desktop or open <http://localhost:80> in your browser.
2. Log in with the default login credentials: username *bics2* and password *bics2*.
3. Follow the five steps in the First-use Wizard:
 - Step 1: BICS downloads the latest reference data. This step completes automatically.
 - Step 2: Choose whether to install BICS in demo mode. For normal use, select "No."
 - Step 3: Choose whether to import a backup. Select "Skip" if you do not want to use a backup.
 - Step 4: Enter your information as listed in this email. Then add a message sender by clicking "Add sender to message."
 - In the "Organization" field, enter the name of the legal entity (the holder) of these details.
 - In the "Identification" field, enter a self-chosen 3-letter code, for example, your initials.
 - Step 5: Enter the details of at least one ship. Click "+ Hull" and fill in the required details according to the measurement certificate.
 - Please note: Providing incorrect ship information can hinder the smooth progress of your voyage.
4. Click "Finish" to complete the First-use Wizard. Your BICS is now ready for use.
